Kelownians Collect \$30,000 from Sweep

Albert Polack Wins \$28,000 on Horse

A 27-year-old father of three children and who was unemployed most of the winter is shouting for joy today after having learned that he will likely win about \$28,000 on today's Grand National race.

Albert Polack, employed at S. and K. Plywoods for the past month, admitted at noon today that he was the "Ginger" who held the ticket on Mr. What, third-placed in the race at Aintree, Eng.

He is one of about six in the Kelowna area to have tickets drawn in the Irish Hospitals Sweepstake. All told, Kelownians are expected to receive over \$30,000.

Identity of "Ginger" has been one of the most closely-guarded secrets in Kelowna in years. Several persons said they knew the identity of the ticket-holder but steadfastly refused to say who it was.

Mr. Polack, who resides at 1212 Richter St., said he was unwilling to have his identity revealed before but now that he has won, he is so happy that he wants to "tell the world."

He said that he didn't even tell his mother or father about the ticket, lest they be disappointed. Mrs. Polack is living in Kelowna while Mr. Polack, his father, is in a hospital in Vancouver.

Proceeds from this first sweep ticket he ever bought are expected to go to the purchase of a new home, according to Mr. Polack. He worked during the packinghouse season at the KGE plant until operations were cut off in November.

Of other Kelowna ticket holders on the Irish, only two are known for sure. They are Otto Schluter, 1949 Knox Crescent, and Stuart Webster, 851 DeHart Ave., an employee at the Canadian Legion.

Mr. Schluter admitted he was the "Moose Hunter" that was given as the nom de plume for the ticket drawn on the horse Gold Legend. The horse was scratched.

Other nom de plumes still not identified, but drawing horses on the race were For Sure, Okanagan Mission, and Dobbie at Oyama.

If Mr. What, the horse carrying all of Mr. Polack's hopes, had come in first as he was favored to do, it would have meant about \$140,000 for the Kelowna family.

The only other ticket-holder for Mr. What was listed as Last Post, Montreal, ticket number BXK-74511.

Three Canadians who held tickets on Oxo, who won the Grand National steeplechase, are expected to receive \$140,000 each.

Three of the winners were from Ontario; the other two from the Montreal area. Tickets were registered as: Albert Lemonde, Montreal, Anatol Tevelis, Hamilton; and under the following nom de plume:

\$924,000 Won By Canadians

By THE CANADIAN PRESS

The Canadians won a total of \$924,000 in the Irish Hospital sweepstakes today when Oxo, Wyndburgh and Mr. What finished in that order in the Grand National steeplechase at Aintree, England.

Five of the lucky ones—including an unemployed sailor—won \$140,000 each on the winner. Three held tickets on Wyndburgh each worth \$56,000, and two will cash in \$28,000 each on Mr. What.

In addition, persons who held tickets on non-starters and horses out of the money will get consolation prizes of \$1,150 each.

JOB DOESN'T MATTER

Lester Yanke of Elmwood, Ont., 26-year-old unemployed sailor who won \$140,000, had been job-hunting in Orillia earlier this week when his sister received word of his ticket being drawn. It took her a day to locate him and pass on the news. With \$140,000 as good as in his pocket, he said he is no longer interested in working.

Crack CNR Passenger Train Is Derailed

CATREOL, Ont. (CP) — The CNR's Super Continental passenger train was derailed just before dawn today 35 miles west of Gogama and about 115 miles northwest of this Northern Ontario railway centre.

All 13 passenger cars on the westbound train left the tracks but remained upright. Reports from the scene said no one was injured.

S. M. SIMPSON

City Man Dies In Melbourne

One of Kelowna's most respected businessmen, Stanley Merriam Simpson, died from a heart attack in Melbourne, Australia yesterday. He was 73.

Mr. Simpson, accompanied by his sister, Miss Ruth Simpson, had been touring New Zealand and Australia for the past six weeks.

He was the founder of the mill—the largest in the interior—which bears his name.

His sudden death came as a shock to his many friends in the Okanagan and throughout B.C.

Mr. Simpson was responsible for making it possible for Kelowna to develop the present civic centre. He sold the property to the city at a nominal sum, on the condition it would not be used for business purposes. The memorial arena, city hall, curling rink, library and health centre have since been built on the property.

FUNERAL SERVICE

His body will be cremated in Melbourne, and the remains sent back to Kelowna where a funeral service will take place. The time and place will be announced later.

Besides his wife, Blanche, Mr. Simpson is survived by two sons, Horace, president of S. M. Simpson Ltd., and Robert; a daughter, Rhoda (Mrs. Alan Moss); two brothers, Dr. George Simpson—S. M. SIMPSON Page 6

Police Find Stolen Car At Winfield

A charge of car theft is expected to be laid by Royal Canadian Mounted Police following recovery in Winfield this morning of a 1953 model passenger automobile stolen in Kelowna earlier today.

RCMP said the auto was stolen from the rear yard of Ian Collinson, 1710 Ethel St. Mr. Collinson told the Daily Courier he thought the theft occurred somewhere between 12:30 and 1:30 a.m.

Mr. Collinson complimented the police for the rapid recovery. He said his car can be started easily if it is left unlocked.

"Love For City" Was His Virtue

Mayor R. F. Parkinson, in paying tribute to Mr. Simpson, gave him much credit for the development of the civic centre. Mr. Simpson sold the downtown property to the city in the 1940's.

"Had someone else owned the property," the mayor said, "it would likely have been subdivided, and the civic centre in its present location would have been lost forever."

Mr. Parkinson told of the lumberman's interest in Kelowna's natural beauty. He told The Daily Courier of Mr. Simpson's telephoning on the eve of his trip to Australia to ascertain that the city would gazette its holdings on Knox Mountain, "to make sure the lovely property would be retained forever for park purposes."

The mayor added "the city has benefited greatly from the sawmill that bears his name. It has been a mainstay in the economy of the city," he said.

"S. M. Simpson has done as much or more than any other person for the welfare of the city," said Mr. Parkinson.

"Stan Simpson's love for the city was greater than any financial issue."

Fighting Is Raging In Tibet

NEW DELHI (AP) — Fighting is raging in Lhasa, capital of Communist-held Tibet, the Indian foreign ministry reported today.

A terse midnight radio report from the Indian representative in "the roof of the world" said: "Fighting in immediate vicinity of consulate. Situation tense and rising."

The brief message suggested the possibility that the radio-only free world link with Tibet—may have been cut off.

The Indian consulate is just outside Lhasa between the Dalai Lama's summer and winter palaces, which are only two miles apart.

The uprising was sparked, according to the Indian press, by an order to the 25-year-old god-king from the Red Chinese command in the capital telling him to report at once without bodyguards.

The whereabouts of the Dalai Lama, worshipped by the 1,300,000 Tibetans as their religious and political leader, was not known.

We Knew It All The Time . . . Loch Ness Monster Just A Fake!

MILAN, Italy (AP)—A man who claims to have invented the Loch Ness monster admitted today that the beast is bogus.

Francesco Gasparini says he made up the yarn while away some idle hours in London back in 1933 when he was correspondent in Britain for an Italian newspaper.

Newspaper files of a quarter century ago seem to bear him out. It was about that time that the monster first reared its ugly head into the world press, although Scotland had had legends about the critter for centuries.

Gasparini says he merely stretched a two-line item into a big fish story. He blamed other

Fire Destroys Coast Sawmill

Port Moody, B.C. (CP) — A sawmill owned by Tretaway Industries Limited was partly destroyed today in a spectacular \$100,000 fire.

The fire burned a grooving mill, dry kilns, and a staining and loading plant.

Firemen saved part of the Jacob road plant, including a shed filled with cans of paint.

All the buildings destroyed had been idle for several years and were in the process of being dismantled.

The plant was the former McNair Shingle Mill.

Heat was so intense during the fire that hoses were strung 600 feet from neighboring hydrants when firemen were unable to get near hydrants at the mill.

Eight men employed at the mill will be absorbed into the plant of the mill not destroyed.

Mrs. Sommers Fed Up With Politics But Promises To "Wait Forever"

VICTORIA (CP)—"I will wait for ever if necessary," Mrs. Robert Sommers said Friday.

"Bob has been a wonderful husband and father to our children. I don't care what anybody says—I know he is a good man."

Mrs. Sommers made her statement in an interview after Robert Sommers, former British Columbia minister of lands and forests, lost his appeal against his conviction for bribery and conspiracy while in office.

An appeal against his sentence of five years for the crime will begin next week.

"I believe in Bob and always will," Mrs. Sommers said as she prepared to leave home for her job in a wool shop where she earns a modest wage to support

Cabinet Decides On Commissioner

OTTAWA (CP) — Appointment of a new RCMP commissioner is expected to be announced Monday.

The cabinet is understood to have decided the appointment at a long meeting today.

Commissioner L. H. Nicholson resigned a week ago because the government declined to send RCMP reinforcements to Newfoundland.

Five of the lucky ones—including an unemployed sailor—won \$140,000 each on the winner. Three held tickets on Wyndburgh each worth \$56,000, and two will cash in \$28,000 each on Mr. What.

In addition, persons who held tickets on non-starters and horses out of the money will get consolation prizes of \$1,150 each.

All 13 passenger cars on the westbound train left the tracks but remained upright. Reports from the scene said no one was injured.

DISMISSES 75 EMPLOYEES

Fined \$1.00 — So He Closes Shop!

TORONTO (CP)—Ben Winston, a Toronto synthetic fur manufacturer, says he is closing his business and dismissing his 75 employees because he was fined \$1 Friday in magistrate's court.

Winston, proprietor of Ideal Fur, was fined \$1 for failing to pay assessments to the advisory council of the ladies' cloak and suit industry. The council is an Ontario government agency set up to regulate wages, hours of work and over-all conditions in the industry.

Mr. Winston, whose company has a contract with the Fur Workers' Union (C.I.O.), said his wage scales are higher than those recommended by the advisory council.

Magistrate Donald Graham ruled that a manufacturer of synthetic fur coats must abide by the schedules of the advisory council even if he has a union shop.

"Well, that's it," said Winston following the ruling. "I'm going to close shop. Seventy-five people are going to lose their jobs."

He said he will be forced out of business by conflicting rules of the Furriers' Union and the advisory council.

"If I stay I am going to be in court all the time. I am going to

Winnipeg where they don't have the ridiculous conditions."

He maintained his employees don't come under the province's Industrial Standards Act, which sets out wage schedules and working conditions governing ladies' cloak and suit industry. Magistrate Graham said they do.

IT'S OFFICIAL NOW . . . SPRING ARRIVED HERE TODAY!

Spring has sprung! At precisely 12:55 a.m. today, old man winter took his leave and made way for singing birds, green grass and all the other pleasures we associate with the season.

Also, one can almost hear the wheels turning in the ladies' heads as they ponder spring hats, spring coats, and the final blow to reluctant husbands—the garden.

NO ADDITIONAL DOG POISONINGS

Dog lovers, like Robert Abernethy, shown here anxiously scanning the Daily Courier hoping they won't read any more cases of dog poisonings. Mr. Abernethy lost his valuable Labrador, "Tyke" in the recent wave of killings. All told six dogs were poisoned, five of which died. For the second consecutive day there have

been no reports of additional killings. Majority of people in the Abbott Street-Burne Avenue area, are keeping their dogs indoors or on a leash. LEFT is a picture of an overturned garbage can, a common sight in the early hours of the morning. Poisoned bait may be discarded in the cans. (Courier staff photo—prints available.)

Macmillan-Eisenhower Agree On Talk Formula

GETTYSBURG, Pa. (AP)—Prime Minister Macmillan and President Eisenhower agreed today on a formula for offering to Soviet Premier Nikita Khrushchev the prospect of a summit conference later this year.

A proposed draft of the summit meeting plan was sent to the French and German governments and the other NATO allies for their reaction.

The formula, when fully approved, will be included in a new note to Moscow on negotiations over the Berlin crisis and German problems generally. The Western powers had already agreed to propose a foreign ministers meeting at Geneva beginning May 11—and held out at least the possibility of a follow-up summit conference.

Today's agreement was announced by U.S. and British press officers immediately after it was reached. Presidential press secretary James C. Hagerty, with British spokesman Peter Hope at his elbow, reported on the progress of the Eisenhower-Macmillan discussions at Camp David in these words:

"Both Hope and I can say that there is complete agreement between our two governments that we are looking to negotiations as a means of settling controversies in Europe, that we have agreed on the general line on which we think the reply to the Soviet note dealing with the matter of a summit meeting should be formulated."

"We now are communicating our proposals to the French and German governments and to our NATO allies for their consideration."

The agreement was disclosed

less than two hours after Eisenhower and Macmillan began the second day of their talks at Camp David, in the nearby Catoctin Mountains of Maryland.

The announcement apparently was made so quickly because the U.S. and British delegations wanted to counter news of disagreement over the approach to the summit issue which came out of the talks late Friday.

Fuel Trouble Forces Pilot Scrub Flight

YEOVILTON, England (Reuters)—American pilot Bill Mullen ran into trouble Friday night on a solo flight from Houston, Tex., to Rome and landed at the naval air station here.

Mullen said he decided to land when fuel from his last tank failed to feed properly into the single engine of his Mooney NK-20 aircraft.

The 34-year-old pilot had been in the air about 34 hours in his second attempt in a fortnight to make the solo flight from Houston to Rome via Newfoundland.

"My primary purpose in going to Rome was to set a record and that has gone now," he said. The first attempt last week ended in Tennessee when his plane was forced down by heavy icing conditions.

FOUR KILLED

BRAMPTON, Ont. (CP)—Two teen-age girls and two youths were killed early today when a car slammed into the steel guard rail on a bridge near this town

The agreement was disclosed

No Easy Way Found To Fatter Pensions

Politicians have found there's no play like the professor play: If you have something unpopular to say, hire a professor to say it for you. He doesn't need votes. Besides when he's examining the facts, he may discover a miracle.

Dr. Robert M. Clark of the University of British Columbia was commissioned after Mr. Diefenbaker's re-election to study the Canadian and U.S. old-age security programs. He did not find any easy way of financing wider benefits for the retired.

The implication in Mr. Diefenbaker's election-time concern about pensions for the retired was that they should be made bigger. Perhaps putting a U.S.-type, employee-employer contributory plan on top of Canada's flat-rate scheme was on his mind.

But the price of widening old age retirement benefits comes very high. More income for older citizens means taking more money from citizens still working.

To remind voters that "there are no free lunches" has been Dr. Clark's task.

The basic fact he brings out is this:

Benefits in Canada already compare favorably with average amounts payable in the U.S. He points out that a bigger proportion of the over-65s get pensions here than in the U.S.

Even if Canadians were willing to put a bigger portion of national income into pen-

sions than they do in the U.S., benefits from a contributory scheme on top of today's \$55 a month would be significantly less than those which will be paid in the U.S.

It takes time to build up a contributory program. Our minimum would, presumably, be today's \$55 a month. But in the U.S. after 22 years of collecting premiums their minimum is only \$33. U.S. maximum payments, of course, run up to four times that.

And remember this: Canada's level of per capita income is 30% below that of the U.S. We would be squeezing a smaller lemon.

Nobody maintains Canada's present scheme is all that everybody would like. Some reforms look easy and sensible such as lowering age limits on pensions for the blind or totally disabled and eliminating the means test on them. Or look at the possibility of tidier survivor benefits in lieu of provincial programs of mothers' allowances.

But if Canada were to drop the retirement age to 65—as it is in the U.S.—really tremendous costs to the economy would be involved.

Dr. Clark has shown both Mr. Diefenbaker and the voters that there's no Greek Mercury around to provide a miraculous or painless source of sustenance for an aged Baucis and Philemon. Now that the election is over let's take it slowly from here. —The Financial Post.

Tell Your Friends

Nobody has a more direct interest in the sale of Canadian-made products than the men who make them and the families who depend on the jobs and wages they create.

The John Inglis Co. figured that, if each of its employees spoke to 15 friends about company appliances, it would help make 37,000 potential buyers.

If wives and teen-age children took it up, they could make another 45,000 contacts.

The idea was suggested in the company paper and seems to have caught on.

Workers and their families are asked to

talk up company products at the bridge club, the supermarket, even to buttonhole strangers on the streetcar.

They should be persuasive salesmen since they have first-hand knowledge of the machines they make. They should be enthusiastic, too, since they have a vital stake in every sale.

But, equally important, they will be forcefully reminded that their own livelihood, as well as the boss's, is tied up in the company's success and that the weekly payroll is not just pulled out of somebody's hat. —The Financial Post.

British Guiana Resisting Pressures In Federation

By D'ARCY O'DONNELL
Canadian Press Staff Writer

GEORGETOWN, British Guiana (CP)—British Guiana, largest but most thinly-populated of Britain's dependencies in the Caribbean, is resisting pressures to bring her into the West Indies federation.

"I am not opposed to federation, but I feel that before joining federation all colonial ties should be eliminated and we should be given self-government," says Dr. Cheddie Jagan, leftist leader of the majority party in the British Guiana legislature. The "subtle pressures" being exerted to "force us into federation have raised the backs of my people and made them opponents of federation."

Dr. Jagan, 41-year-old East Indian native of British Guiana, is elected largely by the vote of East Indians who make up 60 per cent of the country's 500,000 population. A Chicago-educated dentist, Dr. Jagan and his American-born wife, Janet, form a ministerial team in the Guiana government. He serves as minister of trade and his wife as minister of agriculture.

AROUSING DISFAVOR

Both of them fell into official disfavor in Britain in 1953 when the policies of their People's Progressive party forced suspension of Guiana's constitution.

A United Kingdom commission which investigated the suspension said in a report:

"We are satisfied that the setback to orderly constitutional progress in British Guiana was due not to defects in the constitution but to the fact that those in control of the People's Progressive party proved themselves to be relentless and unscrupulous in their determination to pervert the authority of government to their own disruptive and undemocratic ends."

A United Kingdom-appointed governor plays a major role now in the administration of the colony, but a new constitution is being drafted and some believe it will be brought into effect in 1960 or 1961.

SEE QUEBEC PARALLEL

Dr. Jagan is sometimes referred to by the Canadian community in British Guiana as the Premier Duplessis of the Caribbean. There is no physical similarity between the men, nor are their policies alike. But there is a similarity in the problems of their people.

In Quebec province, French-speaking Canadians are in the majority. But in Canada as a whole French-speaking Canadians are a minority. In British Guiana, the East Indians are in the majority. In the Federation of the West Indies they would become a minority.

"I can't lead my people farther and faster than they are willing to follow," said Dr. Jagan in an interview.

"I am not a racist, but it is only now that we East Indians are getting our fair share of civil-

service posts. "My people feel that in federation they would lose their identity."

AFRICAN DESCENT

Persons of African descent form the majority in the 10 island colonies which a year ago were brought into a federation whose ultimate aim is to become a self-governing dominion within the Commonwealth. Members of the federation are Antigua, Barbados, Dominica, Grenada, Jamaica, Montserrat, St. Christopher-Nevis-Anguilla, St. Lucia, St. Vincent, and Trinidad and Tobago.

One of the aims of the federation is to remove the immigration barriers that now prevent free movement of people from one member of the federation to another. If British Guiana joined federation and removed her immigration bars it is believed surplus populations would flow to Guiana. The bulk of whose 83,000 square miles is still undeveloped.

Dr. Jagan referred to this at the time the West Indies federation was inaugurated April 22, 1958, saying:

"We are pointed to as a land of vast open spaces and many natural resources, but the problem of overpopulation in the West Indies will not be solved simply stands more chance of getting the work done by federation and help as a member of federation, throwing open the gates to surplus population of other units of development our hinterland," he said.

BYGONE DAYS

10 YEARS AGO
March, 1949

Work will get under way Tuesday on cleaning out Mission Creek and strengthening the banks of the stream. L. E. Willis, acting assistant district engineer of the public works department, said the work probably will take from four to six weeks.

Fifty per cent of the 100 emergency houses constructed in Kelowna for ex-servicemen have been purchased by veterans. Rex Lupton, district rental office manager said.

20 YEARS AGO
March, 1939

"Jack" Stirling was the choice of the executive of the Kelowna Rod and Gun Club as president for the forthcoming year, with J. H. Horn as vice-president. Ron Weeks as secretary and H. G. Watson treasurer. Honorary president is Dr. B. F. Boyce, and B. Staples honorary vice-president.

30 YEARS AGO
March, 1929

Officers elected at the annual meeting of the Kelowna Aquatic Association for 1929 were: president, Kenneth MacLaren; vice-president, J. F. Burne; executive Messrs. MacLaren, Burne and P. C. To be jealous of them or hinder them makes us God's enemies. —The Financial Post.

the federation. "We have 500,000 people and although we have lots of resources we are already overpopulated in relation to our development. This is proven by the fact that we now have 35,000 unemployed. We feel that development should come first and then more population."

ALUMINUM SETBACK

One of the major industries in British Guiana is a bauxite mine operated by the Aluminum Company of Canada. The bauxite is shipped to Alcan's smelter at Arvida, Que.

A four-month strike at Arvida and a recession in the aluminum industry had severe repercussions in British Guiana. Unemployment rose by about 25 per cent and government revenues, especially from income tax, fell sharply.

"We had hoped to end the year with a \$2,000,000 surplus, but we just managed to balance the budget," said Dr. Jagan. "Outside factors can ruin our economy."

Tom Burnham, leader of the opposition in the British Guiana legislature, said that if he defects Dr. Jagan in the next election he will promptly move to have British Guiana accepted into the federation.

A 37-year-old lawyer of African descent, Mr. Burnham said in the latest public opinion poll taken by the Daily Express, the tide, which had been running against the government during the winter, has turned. The percentage of those who said they would vote Conservative if an election were held now jumped to 44 per cent, while the percentage favoring the Socialists has dropped to 41 per cent. The greatest gain is in the vote on whether or not those questioned were satisfied with Mr. Macmillan's leadership.

TIDE IS TURNING

Politically, Mr. Macmillan's ventures are paying off. In the latest public opinion poll taken by the Daily Express, the tide, which had been running against the government during the winter, has turned. The percentage of those who said they would vote Conservative if an election were held now jumped to 44 per cent, while the percentage favoring the Socialists has dropped to 41 per cent. The greatest gain is in the vote on whether or not those questioned were satisfied with Mr. Macmillan's leadership.

40 YEARS AGO
March, 1919

Donations to date to the Kelowna and district war memorial fund total \$788. It is the intention of city council to set up a committee consisting of one delegate each from Glenmore, Ellison, Rutland, Benvoulin, East Kelowna, Okanagan Mission, Westbank, Westside, Kelowna and the Great War Veterans' Association, to decide on what form the memorial will take.

50 YEARS AGO
March, 1909

A number of land-seekers came yesterday from the prairies under the auspices of the Central Okanagan Land and Orchard Co. This company has been very successful in "making good" with its prospective buyers, and sold \$14,000 worth of land to the last party that came through.

BIBLE BRIEF

Hinder me not, seeing the Lord has prospered my way.—Genesis 22:50.

Men who are doing fine things should be praised and encouraged. To be jealous of them or hinder them makes us God's enemies. —The Financial Post.

Macmillan's Visit To U.S., Canada Arouses Interest

By M. McINTYRE HOOD
Special London (Eng.) Correspondent
For The Daily Courier

LONDON — Prime Minister Macmillan's visit to Canada and the United States is arousing even livelier interest in the United Kingdom than did his visit to Moscow.

Public Opinion has been stirred by reports from the United States that there is considerable interest in the place of the Co-operative Union in the nationalization of the distribution of coal.

This is one of the key points in the strong "Miners' Union" plot against the nationalization of steel and other key British industries. The Co-operative Union, which forms a substantial part of the Socialists' party's backing, has come out strongly against the nationalization of the distribution of coal.

A month ago, 59 per cent were satisfied. In the latest poll, the figure jumped to 67 per cent. Thus it is noteworthy that Mr. Macmillan's gain in public approval has been much greater than the gain made by his party, significant as it may be.

DIVIDE ON NATIONALISM
The Socialist party is by no means united on policies for re-nationalization of steel and other key British industries. The Co-operative Union, which forms a substantial part of the Socialists' party's backing, has come out strongly against the nationalization of the distribution of coal.

The market had expected. Shareholders will receive a dividend of 24 per cent, up four per cent from last year.

The other announcement which focussed attention on Canada was to the effect that Canadian orders worth three and a half million dollars have been placed with British firms. These are orders for a new submarine cable system between the Canadian mainland and Newfoundland, to cost two and a half million dollars, and a million dollar order by the RCAF for electronic gear and equipment.

This evidence of Canada's willingness to give large contracts to British firms, is being contrasted with the difficulty similar firms are experiencing in securing business in the United States, in spite of

Holiday Events Will Make 1959 Livelier

Several hundred special events will enliven the year-round holiday season for residents and tourists in British Columbia this year, said H. H. Earle C. West, minister of recreation and conservation, in releasing the B.C. Travel Bureau's preliminary calendar of events for 1959.

A widely diversified program of sporting events and entertainments, ranging from village fairs to the urban Vancouver International Festival of Arts, will cover the whole of the province.

Among the more unusual activities listed are: a corn festival at Agassiz, midsummer curling at Nelson and Mission, an archery tournament at Hancy, Scandinavian dancing at Parksville, the Cowichan ploughing match, a summer ice school at Kelowna, Mt. Robson Caravan at McBride, soap-box derbies at Mission City and Dawson Creek, and roller rinks at Alert Bay.

Bronco-busters will ride again in rodeos at Cloverdale, Keremeos, Kamloops, Williams Lake and McBride.

The thing will tread the boards of regional drama festivals at Vernon, Courtenay, Duncan, Victoria, and many other centres, with B.C. one-act drama plays being held at Trail in late May.

Among celebrities of the concert stage booked into B.C. theatres are Amparo Iturbi, Jose Greco, Emlyn Williams and Zara Doloukhanova at Victoria and road-show productions of "Lil Abner" and "My Fair Lady" supplementing Vancouver's regular Theatre Under the Stars season.

Indian canoe races, regattas, folk dance and square dance festivals, carnivals and fall fairs.

PTA Wants Vocational School Here

Next general meeting of the Kelowna Elementary P-T-A Monday, at 8 p.m., in the senior high school lunchroom, will deal with the resolutions to be brought before the P-T-A annual convention March 31st to April 3rd.

School Inspector Gordon Johnson, Principal C. G. Bissell, Special Counsellor Miss Jean Wilton, Dr. D. A. Clarke and School Trustee Mrs. E. R. Pelly will be on hand to give any information needed to help the meeting make intelligent, informed decisions.

The resolutions, to be presented to the provincial government, cover such matters as the need and establishment of vocational schools in local areas; government sharing of costs for the development of play areas at new schools; increased income tax exemption for university students who work to earn their fees; detention homes for young offenders; the dangers of radioactive fallout, and many others.

The public is invited to come to this meeting and voice its opinions on these important issues.

NEW CENTRE

ST. JOHN'S, Nfld. (CP)—The Newfoundland division of the Canadian Red Cross has opened a new provincial headquarters and blood transfusion centre here.

ROB OFFICE

NEW YORK (AP)—Six armed robbers invaded the executive offices of a greeting card firm and methodically relieved 25 employees and a customer of about \$15,000 worth of cash and jewelry.

A vice-president of the Dreyfuss Art Co., Gerald A. Leeds, 57, suffered a fractured jaw from a blow with a gun butt during the holdup.

Little Theatre Group Enters Two Plays In Drama Festival

Prior to the presentation last evening of the Kelowna Little Theatre production it was announced that two of the one-act plays would be entered by the local thespians in the drama festival to be held at Vernon next month.

The group, in presenting the plays which wind up their activities on the local scene, again displayed pleasing talent. Emphasis this time was on comedy.

Roy Lobb in "Let's Wife", the first of the one-act plays, gave a sterling performance and was ably supported by Mary Kerr, Erika Petzold and Jocelyn Thompson rounded out a cast that was well characterized. It was obvious that much time and labor went into the stage setting for this unusual play.

For the second production "White Iris", a tragedy, Ruby Jessup's portrayal as the invalid sister was outstanding, as were the other members of the cast.

A most sincere performance by Primrose Upton, as Marcia, added much feeling to the play. Diana Springer and Una Hughes, the other members of this one-act play, were extremely capable in their performances.

LIVELIEST ONE

In the lighter vein, the third production "The Invisible Worm", a modern play, was well performed by experienced players Alice Winsby, Bruce Hedges and Tom Marsh. This, the liveliest of the three, was certainly much enjoyed by the receptive audience.

KELOWNA TEACHERS IMPROVE THEIR STANDING

During past fall and winter, 42 teachers (shown above) from School District 23 (Kelowna) have been spending two nights weekly attending university class in education. This course, under direction of UBC's extension department, carries full credit for degrees of B. Ed., M. Ed. and M.A., as

well as credit towards higher certificate. Lecturer is Dr. Samuel R. Laycock, retired dean of education of University of Saskatchewan, who has been residing in Kelowna for past several months. Well-known educator, author and broadcaster, Dr. Laycock is authority in fields of child development,

mental health, parent-teacher co-operation, gifted and retarded children and prison reform. His recent books include "Teaching and Learning," "Brief Chats With Parents," "Gifted Children" and "Pastoral Counseling For Mental Health." (Courier staff photos—prints available)

Kelowna Rotarians Plan Attend Wenatchee Meet

The Kelowna Rotary Club is hoping to retain the attendance cup again this year at the annual District 506 conference of Rotary International, slated for Wenatchee, Wash., April 12-14.

C. D. Buckland, organizer for the trip, reports 17 members of the local group have already indicated their wishes to attend the party, with more expected to sign up.

So far the following have arranged for the trip: Ian Greenwood, E. D. Wood, W. W. Taylor, C. D. Buckland, C. E. Sladen, Peter Ritchie, S. D. Hubble, George Northan, Dr. C. B. Holmes, C. G. Beeston, Don Maxwell, Trevor Pickering, Dr. Harold Henderson, Dr. A. W. Brown, R. W. Corner, E. T. Abbott and A. E. Anderson.

"Five hundred Rotarians from 26 cities in central British Columbia and Washington State will visit Wenatchee for the occasion," Rollie Day, president of the Wenatchee Rotary Club, has announced.

Principal speakers addressing the conference are Art Simpson, Rotary international counselor, Vancouver; Sydney John Smith, M.P., Kamloops; Merle Smith, public relations expert, Chicago; Lyman Partridge, ROTA leader, Ellensburg, Wash.; Glen Peacock, director of Rotary International, Calgary, and many others.

Jack S. Crowl of Wenatchee, in charge of arrangements for the district conference, is planning special entertainment for visiting Rotarians, in addition to the fine panel of speakers at the plenary sessions. New members, pioneers and charter members also will be honored during the conference.

GOING TO NEW YORK

R. W. Corner, of Kelowna will be travelling somewhat farther on Rotary business in the near future.

Mr. Corner is the 1959 governor-elect for district 506 and will be formally elected June 7, at New York, at Rotary International's annual conference.

More than 200 district governors from all parts of the world will be present at the conference. These district governors represent 470,000 members of more than 10,000 clubs in 111 countries.

REVIEW ACTIVITIES

This meeting is held each year to review Rotary service activities and to make plans for increasing their effectiveness during the coming year. The principal activities of the Rotary clubs in this district include Rotary overseas travel award, continuing contributions to the Rotary foundation for scholarships, many community projects, and work in vocational service.

District Governor Jesse Widby of Wenatchee, president of the

POLICE COURT

In district court, David Mills was fined \$20 and costs for exceeding the speed limit in a 50 miles an hour zone.

Magistrate Donald White fined Adam Bliele \$20 and costs for being a minor in possession of liquor.

Another minor, George Bonner, was also fined \$20 and costs on the same charge.

Also in district court, James Whitton was fined \$20 and costs for speeding in a 30 miles an hour zone.

Three juveniles, aged 15, 16 and 17, were fined \$25 each after pleading guilty to a charge of theft under \$50 (gasoline). The youth who drove the auto during the committing of the offence had his licence suspended for two months, and another boy was placed on probation for a six-month period.

School Union Backs IWA's Nfld. Fight

The Okanagan Valley School Employees Union No. 323 has voiced its support for the striking IWA in Newfoundland.

At the annual meeting of the union held here recently, \$100 was donated to the welfare fund of the IWA in Newfoundland. The meeting felt the money would "help them in their fight to uphold the fundamental right of every Canadian, to belong to any trade union of his own choice."

The school employees also sent telegrams to members of Parliament David Fulton, David Pugh and Archie Fleming urging the federal government to intervene, and "safeguard the ideals of Canadian justice and democracy in Newfoundland."

LETTER OF PROTEST

No. 323 also protested the handling of labor matters in this province. The valley-wide union sent letters of protest to Victoria, against what it called "the anti-labor bill now before the legislature."

Earlier in the meeting, H. E. Banks of Salmon Arm was re-elected president of the organization.

Other officers elected were: A. Carmichael, Vernon, secretary-treasurer, and F. Smith, Salmon Arm, appointed trustee and delegate to the labor council.

SHIP CLEARED

YOKOHAMA, Japan (AP)—All passengers aboard the Swedish luxury liner Kungsholm were allowed to land Thursday after Japanese health authorities found them free of smallpox. A smallpox alert was ordered Wednesday when it was learned a Swedish cook was taken off the ship at Manila on suspicion of having the disease.

Former Kelowna Man Lands On Hope-Princeton

Tom Milburn, former manager of the local Safeway store, walked away uninjured after his plane crashed on the Hope-Princeton Highway Wednesday.

Mr. Milburn, 40, was pilot of the plane. The chain store executive was accompanied by Richard Vogt, 34, of North Vancouver. The \$10,000 craft was demolished.

The pair were returning from a business trip in the interior when they ran into the freak rainstorm. Rather than risk crashing into the mountains, Milburn decided to land on the highway.

He made a perfect landing, but the wing hit a "slow" sign on the side of the road. The plane ground-looped and was demolished.

Engineering Institute Members Told About Russian Conditions

PLAQUE DEDICATED TO LATE F. W. GROVES.

Members of the central B.C. branch of the Engineering Institute of Canada, were given a first-hand description of conditions in Russia by the head of their national organization Thursday evening.

Dr. Kenneth F. Tupper, president of the institute, was guest speaker following a smorgasbord held at the Aquatic. Earlier the interior engineers attended the unveiling of a plaque honoring the late F. W. Groves, who played a major role in irrigation construction projects in the Kelowna district during the early days. The plaque was dedicated by Archdeacon D. S. Catchpole.

Mayor R. F. Parkinson officially welcomed the delegates to Kelowna. He pointed out this is the second year in succession the engineers have met in Kelowna, and said the city is de-

pendent upon the profession for expert advice. He later presented Mrs. Tupper, and Mrs. G. T. Page, wife of the general secretary, with silver spoons upon which the city's coat of arms are emblazoned.

Banquet chairman was Peter

Tassie, of Vernon, president of the central engineering branch. H. M. Trueman, city superintendent, was in charge of local arrangements.

The president of the society spent two weeks touring Russia, and admitted his first-hand impressions were "very interesting." To his knowledge, he was not followed around; the Russians were very courteous, and they showed keen interest in explaining latest industrial developments.

"Russian people look the same as they do here... some look overweight; food is plentiful, but the diet is unbalanced—possibly too much starch," he continued.

At the same time, Dr. Tupper noticed people wore drab, coarse clothing, although majority were warmly dressed.

Referring to transportation, Dr. Tupper said four out of five vehicles seen on Moscow streets were trucks. Bus transportation system is well organized.

Dr. Tupper pointed out that all Russian raw materials are being put back into new steel plants.

"If they have a surplus of steel, they put up a new steel plant," he observed. He thought it would only be a matter of time when the Soviet Union will have a steel surplus, and then the country may switch to making consumer products, such as automobiles, refrigerators and TV sets.

The best dividends of all

Your children, your grandchildren... the visits, the eager welcomes, the love so freely given and shared... these are the most wonderful dividends life can bring you. Retirement years are bright with such joys—particularly if you are independent, a burden to no one.

How very wise to arrange low-cost Mutual Life of Canada insurance when young, to provide you with an adequate monthly income when you retire, so that you will be independent financially.

Through the years your policy will share in the dividends for which The Mutual Life of Canada is famous.

Why not arrange your pension policy, providing protection and savings, with a Mutual Life of Canada representative today.

1889 — ninety years of leadership in mutual life insurance — 1959

ENGINEERS ENJOY BOUNTIFUL SMORGASBORD

Tasty dishes graced the table at the smorgasbord held at the Aquatic Thursday evening for members of the central B.C. branch, Engineering Institute of Canada, and their wives. The association's national president, Dr. K. F. Tupper, is shown on the extreme left, while in the center is Mrs. Tupper, and Mrs. G. T. Page, wife of Dr. Page (extreme right), general secretary of the association.—(Courier staff photo—prints available.)

Capable Direction For Gay Musical

Kelowna audiences have had passage to Kelowna Production's musical "Brigadoon" arranged by very capable hands. Christine DeHart is once again in charge of production.

CHRISTINE DEHART

Mrs. DeHart at one time performed in various types of roles in the professional theatre including musical comedy, revue and vaudeville. Since retiring from the professional field she has enjoyed working with Little Theatre groups, church, school, and community projects, and will be remembered for her outstanding production "Crown Imperial" of a few years ago.

The Lady of the Lake pageants have been produced by Christine from time to time, and many shows have benefited from her ability and experience.

Supervisor of music in Kelowna schools, City Band director, and president of the B.C. Chapter of the Canadian Bandmaster's Association, are some of the titles enjoyed by Gar McKinley, musical director of "Brigadoon."

GAR MCKINLEY

Okanagan Falls and Prince Rupert were Mr. McKinley's first stops on the road of his teaching career. However, he was best known in the Okanagan as an Oliver teacher and fruit grower before his move to Kelowna last fall.

In 1939 he organized band, orchestra, and choir in Oliver schools; the first school choir of that calibre in Canada, Gilbert and Sullivan, and other operettas have been performed under his musical direction.

"Brigadoon" stage director Val Jones comes to Kelowna Productions with many successes to his credit. In addition to being a most proficient director, she has received honors for her own acting ability. When with the London, Ont. Little Theatre group she won the best actress award in the Western Ontario Regional Festival.

While living in Australia, Mrs. Jones enjoyed working in the amateur and professional theatre, participating in many musical productions.

Since coming to Kelowna in

VAL JONES

Tickets for "Brigadoon" go on sale today, and April 9 is opening night of a five night run at the Empress Theatre.

Speakers Address Jr. Hospital Aux. March Meeting

The March meeting of the Junior Hospital Auxiliary was held in the Health Unit with 26 members present. Mrs. A. Seltenrich, president of the Winfield Hospital Auxiliary, with some of her members, were guests for the evening.

Under the capable convener of Mrs. Harold August, the preparations for the May bazaar are well in hand.

The highlight of the evening was a most interesting lecture by Mrs. R. C. Dillabaugh, contact chairman for the Canadian Association of Consumers.

Mrs. Norma Edwards and Miss Lola Jackson of the Kelowna teaching staff, gave informative talks and showed films regarding the problems in buying confronting the average home-owner and how to overcome them.

At the April 20 meeting, Sidney Hubble has been asked to show the film on the fruit industry, "Temptation," which has received such wide acclaim.

No Breakfast Bad Beginning

Some think it's smart! Others think it's slimming! But nutritionists and doctors know it's dangerous to skip or skimp on breakfast.

All too often this first meal no longer qualifies as one of the good old fashioned "three square meals".

Those who miss out on breakfast are apt to slow down by 11 a.m. That's been confirmed by extensive studies done at a mid-western university medical school.

During late morning hours, college students who ate a good breakfast turned out more work; were quicker in their reactions—both mental and physical—and tired less easily than those who ate no breakfast or had only black coffee.

The nutritionists' explanation is that those who miss breakfast often fail to get enough of the day's necessary nutrients at lunch or dinner. For example, citrus fruits, which furnish vitamins for extra sparkle, are not always included in the second and third meal. Whole grain and enriched cereals and breads are often neglected too.

Food Buying Trends Indicate Better Canadian Eating Habits

THE EXPERTS SAY
By CAROLYN WILLET
Canadian Press Staff Writer

OTTAWA (CP)—Canadians are eating more expensive meals say experts of the federal agriculture department.

"There has been a definite shift in food consumption patterns toward more expensive classes of food, and foods already prepared," says a department report.

It boils down to the fact that Canadians have turned to a more sumptuous table of more red meat, poultry, fruits and vegetables.

The big change in menu is most evident when food consumption averages for 1935-39 are compared with those of 1955-57.

COSTLIER TYPES
While the average Canadian still spends about 25 per cent of his disposable income on food as he did in pre-war years, his money is going for costlier items.

Take, for instance, those low-cost sources of food energy—cereal products, potatoes and sugar.

Once high on the menu, these items have slipped in popularity. In the pre-war period, for example, each Canadian went through about 192 pounds of potatoes a year; in 1955-57 consumption was 154 pounds.

Butter and margarine consumption has gone down with the drop in bread and potato consumption.

Milk and eggs have remained fairly stable, and nutritionally important, foods for Canadians.

Five-Cent Stamp Does Honor To Canadian Wls

OTTAWA (CP)—The post office will issue a special stamp Wednesday, May 13, to commemorate a world-wide organization of some 6,000,000 rural women—an organization conceived by a Canadian woman.

The five-cent stamp will honor the development of the Federated Women's Institutes of Canada, Cercles des Femmes of Quebec and similar groups elsewhere belonging to the Associated Country Women of the World.

The green, black and white stamp, designed by Helen Fitzgerald, Toronto artist, shows a female figure kneeling beside a tree over which the globe is poised.

The words Associated Country Women of the World and Union Mondiale de Femmes Rurales form the border on three sides of the stamp. On the fourth side is the word Canada, with the denomination in the bottom right corner.

The border of the stamp is green and the lettering white. The denomination is black.

The female figure, the tree and the globe are pen outlines on a white background. The drawings of the woman and the globe are in black and the tree is green.

The idea of women's institutes was conceived in 1897 by Mrs. Adelaide Hoodless of Hamilton, Ont.

MIDWIFE RULE
BEXLEYHEATH, Eng. (CP)—A pamphlet for municipal taxpayers in this Surrey town notes: "If, after a midwife has ceased attending, a mother is found on the first health visit to be coping adequately, further visits should be unnecessary."

GOLDEN AGE
MONTREAL (CP)—Harry Williams and the former Mrs. W. A. Holmes at their wedding here declined to give their age, telling reporters: "Why not say we're 65?" They met as little ornamentation except in shiny metal hardware or novelty closures.

Boxiness is replaced with softened contours, gathered effects and expansion, bared textures in mellow, natural tones or neutrals, these casual bags show a new bright colors as well as the off-whites and darks.

But we're also eating much more red meat, such as steaks and roasts and poultry.

MORE MEAT
In the pre-war period, Canadians consumed an average of 118 pounds of red meat; 20 years later that average was up to 141 pounds.

Canadians also are eating more fruits and vegetables. They are important, but relatively high-cost sources of vitamins, minerals and bulk.

Within the 20-year-period vegetable consumption, other than potatoes and tomatoes, increased to 101 pounds from 78, while fruit and tomato consumption increased to 239 pounds from 139.

The department found the "meteor-like" rise in fruit and vivid evidence of today's more tomato consumption "even more expensive living."

And department officials said they believe the modern menu generally is healthier, too.

Hospital Auxiliary Stages Style Show

VERNON — Latest styles for spring and summer, 1959, were displayed recently to a good and appreciative audience in Vernon Senior High School auditorium. The show was presented by the Women's Hospital Auxiliary, and overall convener was Mrs. Mary Beth Sigale.

Auxiliary president, Mrs. Leo Smith, welcomed the guests. Mrs. John Laidman was commentator, and Don Ross accompanied.

Mrs. Dagmar Kilpatrick accompanied two ballet dancers: Debra Smith and Susan Wells, who performed during intermission. The dancers later announced prize winners.

Mrs. A. Kauback was in charge of decorations. Junior models were: Debbie and Margot Sigale, Ann Davis, Trevor Bogie, Hilary Brown and Janie Gilroy.

Adult models: Mrs. Gertrude Peel, of Enderby; Mrs. Daisy Phelps, Mrs. Beryl Rook, Mrs. Rosalind Gower, Mrs. Carol Stevenson, Mrs. Barbara Kendall, Mrs. Betty Ford, Mrs. Sue Nolan, Mrs. Rene Bill, Miss Lorraine Bodinsky and Miss Sue Mason.

Funds raised will go toward Auxiliary projects, which include buying equipment for Jubilee Hospital.

Smaller Sizes Softer Line Seen In Spring Bags

Handbags, which for the past several seasons have had the proportions of small suitcases, go ladylike this spring.

Smooth leathers are softer, grained leathers are finer, suedes are silkier—and dimensions have dwindled to meet the ladylike proportions of the feminine, more fitted silhouette.

One of the most popular new handbag fashions is the oblong, smooth and flat with soft gathering at the top line closing to give inside roominess without bulk. This handbag appears in both smooth and suede leathers for afternoon and evening. In the off-whites and darks.

The smooth leather handbag with horizontal length and a gently rounded contour and single strap handle wins spring popularity, especially for daytime wear.

For casual or sports wear, handbags become more voluminous but still retain a feminine appearance.

Boxiness is replaced with softened contours, gathered effects and expansion, bared textures in mellow, natural tones or neutrals, these casual bags show a new bright colors as well as the off-whites and darks.

DANCE DE LIMBO

Ancient African Customs Still Found In Trinidad

By D'ARCY O'DONNELL
Canadian Press Staff Writer

PORT OF SPAIN, Trinidad (CP)—The cry "limbo, limbo, limbo," signals the start of a wild, primitive dance that has become a part of the life and culture of the West Indian people.

The dance and calypso singing have been handed down from father to son since the 17th century when African men and women were captured and brought to the tropical islands of the Caribbean to work as slaves in sugar cane fields.

"The dance and the songs are among the few customs a visitor to the islands sees or hears publicly to remind him of the origin of the people who now form the bulk of the population of the islands."

But in waterfront taverns the West Indian will occasionally tell hesitatingly how in strictest privacy—usually in sparsely settled rural or jungle areas—some weird and frightening African customs are still observed.

FORMS OF VOODOO

These include obeah, a form of African voodoo or witchcraft, and tribal dances in which the performers work themselves into a frenzied trance and stop only when they drop from exhaustion. Any number of people can participate in the limbo dance. The women dress as colorfully as Canadian square dancers. The men wear only tight-fitting knee-length breeches and a bandana around their foreheads.

To the savage beat of bongo drums and a spine-tingling chant, barefooted performers gyrate, pirouette, shimmy and shake. The dancers are not paired off. Each goes through motions of his own, yet the dance seems to follow a set pattern.

Gradually the tempo of the

drumbeats is increased and the movement of the dancers advances to a bamboo pole held across the centre of the floor. With her feet wide apart, she bends back from the waist and with a series of rhythmic hops works her way under the cross-bar.

Each time she crosses under the bar it is lowered. Experts can cross under a bar only nine inches from the floor without touching the floor.

TOURIST ATTRACTION

The dance is a major attraction in night clubs throughout the islands. The remainder of the show usually consists of a group of calypso singers and a singer of rock 'n' roll or other popular songs.

There is no color bar in the night clubs and it is not unusual to see whites, Africans, East Indians and Chinese dancing with one another. Practically all races dress alike in light, tropical clothing imported from the United Kingdom, the United States, India or Canada.

The West Indian does most of his celebrating on weekends. That is when he dresses in his best to go courting or dancing or to drink native rum, which can be purchased for a little as 75 cents a quart. Sunday is set aside for church-going, family gatherings or picnics at the many beaches on the islands.

NO SIESTA

During the week, the West Indian goes to bed early and rises early. Office and store hours are from 8 a.m. to 4 p.m., with an hour off for lunch. Despite the intense heat, the people have never adopted the Mexican cus-

tom of an afternoon siesta.

From the office, the sports enthusiast rushes to the cricket pitch to get in a game during the remaining daylight hours. In the tropics there is little or no twilight. The sun sets about 7 p.m. and it is dark within minutes.

Cricket is the national sport. Other sports include field hockey, tennis, soccer, and track and field. Horse racing is a popular spectator sport.

The West Indian eats a good deal of fruit which he can buy cheaply. Salted codfish imported mainly from Newfoundland, is a basic part of the workingman's diet. Most of the meat used is imported from Australia and New Zealand and because of its cost is served mainly in the homes of the middle and upper classes. As the tourist industry develops more and more people are finding employment in tourist resorts.

MANY JOBLESS

But unemployment remains a major problem in the islands, which are all looking to the outside world for help with development projects that will provide jobs. The unemployment problem is accentuated by a birth rate that has climbed steadily since the scourge of malaria was beaten within the last decade.

A campaign of planned parenthood was staunchly opposed by the natives, about 30 per cent of whom are Roman Catholic. Others are Anglicans, Baptists, Presbyterians, Methodists, Moravians, Seventh Day Adventists, Hindus, Muslims, Buddhists and Hebrews.

A new approach now is being made to the population problem. A drive has been launched to try to reduce the high rate of illegitimate births. No one will predict how successful it is likely to be.

The population increase has caused a housing shortage and it is estimated that at least 300,000 new homes are needed in the West Indies.

The type of housing now available depends on a man's wealth. The upper and middle class usually live in attractive houses of stone, brick or cement blocks. Those with less money have neat little frame homes. The very poor and some of the unemployed

Some of these shacks are adjacent to city dumps where at times men, women and children in the cities live in unbelievably squalid slums or makeshift shacks.

Dinner Enjoyed By Soroptomists

A novel dinner meeting was enjoyed by members of the Soroptomist International of Kelowna recently at the home of president Mrs. Phyllis Trenwith. The personal donation of member Miss Helen Matsuda, it took the form of "St. Patrick in Tokyo".

In surroundings appropriately decorated for the occasion, the superbly prepared food was immensely enjoyed by everyone. The meal was followed by a Soroptomist sing-song.

An informative talk was given by the president of the Local Council of Women on work done by that organization.

Two new members, Miss Wealthy Grigg, and Miss Elizabeth Layton installed during the evening, were given a warm welcome by the club.

A donation of material was given to the Jr. Hospital Auxiliary for the Hospital Fair in May, and an Easter parcel is being prepared for the adopted girl in Woodlands.

Women

ALICE WINSBY, Women's Editor

PAGE 4 KELOWNA DAILY COURIER, SAT., MARCH 21, 1959

EVENING ELEGANCE

By TRACY ADRIAN
Sure to make a dramatic entrance in this elegant evening gown that follows the latest fashion lines. The dress is made of white silk chiffon

printed with a large rose motif. It is very long and slender with a draped, strapless bodice. An Empire line is achieved by bands of rose chiffon which end in back of flowing panels.

DANCE DRESS

By VERA WINSTON

When there is a time that a girl can't use a dress designed to cut a dreamy figure on the dance floor? Just now, of course, the dance dress is particularly in demand. This one is of ice-cream silk tulle. The shoulders are bare, the bodice with pointed V diminishing to a tiny waist, circled by a self sash bowed at one side. Draped folds accentuate the short, belled skirt which laps over to form a pretty line.

HITHER AND YON

FROM . . . Pavilion Lake in the Cariboo are Mr. and Mrs. E. W. Shorthouse who are visiting their son and daughter-in-law, Mr. and Mrs. Desmond Shorthouse and family at present.

AN EXTENDED . . . trip to the coast is being enjoyed by Mrs. E. E. Wolfe who left last week for a visit with friends and relatives, including her great-grandson.

POT-POURRI

By ALICE WINSBY

On the first official day of spring—Greetings! It is you know happened early this morning at exactly five to one.

A large lusty woodpecker who shall be nameless, got confused I think, and hammered at our house at 6:30 a.m. yesterday morning! Any more such pranks and we'll take down the bird feeding station from the old birch tree.

Because of this food supply and the comparatively mild winter, we've enjoyed watching the birds pretty well all year. A week or more ago robins made their cheerful appearance, so what with clusters of gay colored crocuses (or is it croci?) snowdrops and scilla, spring is here. Wonderful, wonderful.

Calling all ex-WRENS. The Girl Guide Association here is in need of uniforms for Guide leaders. If you have a WREN uniform or know of anyone who would willingly donate it to this exceedingly worthwhile organization, please contact Mrs. J. S. Treadgold at 6748.

Put a big circle around Wednesday, May 13. A tradition in Kelowna, the big Hospital Fair is to be held that day on the hospital grounds. A stroll around the grounds to view the many attractive stalls and perhaps make a few purchases, with afternoon tea served under the trees—enjoy it too, so be sure to invite him to go along if he is free.

If you have small kiddies there is no need to stay at home on that account. Among the many attractions at the fair are pony rides, clowns, and balloons. Do give yourself the pleasure of the only outdoor feature of this type during the year.

One final word. Afternoon tea often has a retarding effect upon one's desire to prepare supper. A new addition to this year will be a delicatessen stall, solving the whole problem.

NEW BRITISH SPORTS SALOON CAR

A completely new M.G. Magette (Mark III) sports saloon car with a "new look" has just been announced. With a body styled by Italian designer Farina, this new car incorporates many up-to-date safety features. Powered by an engine of 1489 c.c. which develops 68 brake horsepower this latest "Magette" gives economical motoring in all ranges up to its maximum speed of 85 miles per hour.

Nicosian "Terrorists" Now Hailed As Cypriot Heroes

By WEBB MCKINLEY
NICOSIA, Cyprus (AP)—EOKA's war is over and the boys are heading home.
The wiry youths so recently called terrorists now are hailed as heroes on the streets of Nicosia.
They do not appear fierce. It is hard to imagine them padding silently along an alley, gun in hand, or waiting for the right instant to set off a land mine on a mountain road.
They look more like young clerks, accountants, students, electricians, lawyers or farmers—which in fact they once were.
But the four-year war they fought in EOKA, the Greek Cypriot underground, for independence from Britain was tough and ruthless. A total of 393 killings were attributed to EOKA. More than half the victims were Greek Cypriot civilians marked as traitors to the cause of Enosis, or the union of Cyprus with Greece.
The Enosis plan did not win and on the advice of its leadership, EOKA has accepted the recently-adopted plan for eventual independence for the strategic Mediterranean island.
50 AGAINST 30,000
The hatreds born in the struggle washed over into intercommunal fighting between Greek and Turkish Cypriots that took another 115 lives. All in all, including those killed by British security forces, the war left 601 dead and 1,260 wounded.
On the face of it, EOKA was battling hopeless odds. Its own hard core centred in the mountains probably never numbered more than 50 men, although the line of communication and part-time adherents ran into thousands. Against them, Britain threw in as many as 30,000 of its best troops.
How did EOKA do it?
The answer is Col. George Grivas, a Cyprus-born retired Greek army officer with the pseudonym of Digenis, who formed the underground, led it, and now has disbanded it.
"Looking back on it," a British intelligence officer said of Grivas, "he was ruthless, absolutely fearless, and a good organizer to the nth degree. In fact, he was the sort of chap you would want on your side if you had to do the same thing."
Grivas was 56 when he landed in Cyprus from the nearby Island of Rhodes on the night of Nov. 9, 1954. Retired from the army in 1944, he had led a fanatically right-wing band in Greece after the war and won a name for hardness and efficiency.
He was called to Cyprus to organize a militant force to support Archbishop Makarios of the Greek Orthodox Church in his campaign for Enosis.
Grivas immediately began to search for potential leaders in the Cyprus youth movement, discarding as he went along those with inadequate hardness or zeal. By the time his campaign opened, on April 1, 1955, he had around him a band of tough young men forming EOKA's inner core, and a second echelon of couriers, paymasters, quartermasters, recruiters and informants.
SUPPORTED BY PEOPLE
In the years that followed, EOKA had successes and some near-disasters. By mid-1956, British intelligence was beginning to break through.
Even so, 1956 was the year that Field Marshal Lord Harding, the British commander-in-chief, awoke one morning to find a time bomb in his bed.
In March, 1957, when EOKA appeared to be near defeat with many of its top men dead or captured, Britain accepted a truce. But essentially EOKA survived because it won almost complete support from the island's 400,000 Greek Cypriots, and because of its excellent organization and deadly discipline.
"We are all EOKA," the Greek Cypriot mayor of Nicosia once proclaimed.
On hundreds of occasions British troops would rush within minutes to the scene of a killing, only to find that the killers had vanished, furnished with escape routes by the populace. In the mountains peasants fed EOKA men and hid them.
Grivas broke his organization down into mountain gangs, village shot groups and two killer squads that worked on order for specific targets, squads waiting for "targets of opportunity," couriers, leaflet distributors, propagandists and the like. Arms were smuggled in from the Greek mainland or stolen from British depots on the island. Explosives were stolen from mines.
SPEEDY MESSENGERS
Except for the mountain men who directed the warfare and carried out ambushes, it was a part-time organization. A villager might perform an EOKA mission one day and go back to his crops the next. Students were used extensively. Practically every schoolboy between the ages of 12 and 17 was active one way or another.
Communications were surprisingly good. Up to five couriers would carry one message—and the messages got through. To arrange a truce, the British authorities in Nicosia always could get a letter to Grivas within three hours. Truces were called four times, and their effect always was instantaneous throughout the island.
Grivas himself has not yet emerged into the public eye, and probably will be going back to Greece in the near future.
But on March 9, 18 days after the independence agreement was signed in London, EOKA leaflets—spread as mysteriously and swiftly as ever—told Greek Cypriots he was ordering the struggle to end. He called on them to work in peace for the new republic.
That morning, Nicosia burst out in celebration. The London agreement, to which Greek Cypriots were lukewarm, had been signed. Archbishop Makarios had come back from exile. But it really hadn't been over—not until their hero, Digenis, said so.

Diefenbaker Wants Study Of UN Role in West Berlin

OTTAWA (CP)—Prime Minister Diefenbaker has called for "further and more careful study" of the possibility of a United Nations role in a settlement of the West Berlin problem.
His statement in the Commons was the strongest ever issued by the government in favor of an idea which has been under study for some time by the government's external affairs officials.
But the prime minister did not go beyond a general statement in support of the principle of the UN being included in any settlement on Berlin. It is understood that no definite or precise proposal has been devised.
REPORT ON TALKS
Mr. Diefenbaker spoke in giving the Commons a brief report on his talks with British Prime Minister Selwyn Lloyd.
He said the talks reviewed the problems of Germany, Berlin and European security "and of the various proposals for a settlement of those problems now under study in Western capitals and in NATO."
"I should emphasize that neither Mr. Macmillan nor I attempted to crystallize any British or Canadian position on specific questions under discussion."
"However, I might add that it is my belief that the United Nations might play some most significant role in the solution of the Berlin problem and that this phase deserves further and more careful study."

Cubans Design Lotteries So Everybody'll Profit

By THEODORE A. EDIGER
HAVANA (AP)—Cuba's new lottery is designed to let everybody win.
The lottery tickets are savings bonds bearing numbers. If your number comes up, you win a prize. If it doesn't, you earn interest on your investment.
Proceeds go toward low-cost housing.
First saving bonds in this lottery plan, patterned on a scheme which has operated in Britain for nearly two years, have just gone on sale.
They bear the likeness of a bearded rebel gazing at the mountains of Oriente province, where the Castro revolution was born.
There will be a weekly first prize of \$100,000, and 1,000 other prizes of \$100 each. Bonds cost \$25. Fractions can be bought for 25 cents and upward.
Bonds not winning prizes draw three per cent interest annually if held five years; five per cent after seven years. However, holders who cash them within a year get only 40 per cent of face value. After one year, it's 50 per cent, after two years 60 per cent, and so on.
The Institute of Saving and Housing, headed by a woman soldier, Pastora Nunez, has charge of the lottery program. It replaces the old national lottery, dissolved by the revolutionary government.
The Castro government says the old lottery "served for the exploitation of vice and for the enrichment of political cliques." More, it says, the old lottery department had on its payroll 3,684 persons who did no work.
The new regime says it recognizes that gambling, "rooted in the people since colonial times," cannot be abolished by decree. But, it added, "the habit of saving should replace the habit of gambling."
Accordingly, the amount of the prizes is to be diminished gradually, "up to abolishing them totally."
Meanwhile, the institute has borrowed \$2,000,000 to proceed immediately with housing in suburbs of Santiago, capital of Oriente. Stadiums, libraries, schools, hospitals, amphitheatres and commercial centres will go up along with homes. First structures are to be apartment houses in groups housing 5,000 persons.
Maximum monthly rent will be \$50, scaled down on the basis of ability to pay. A person who pays rent for 10 years gets the apartment as his own.

CHAMBER DEATH

A jury has decreed that Mrs. Elizabeth Duncan of Ventura, Calif., die in the gas chamber for hiring two men to murder the Canadian nurse who had married her adored son.
The jury, which earlier had found her guilty of first-degree murder, had only to choose between the death sentence and life imprisonment. Under California law the judge must follow the jury's verdict in imposing sentence.

Rare Whooping Cranes Signal Readiness For Canadian Trip

AUSTWELL, Tex. (AP)—Down in the marshes of Black Jack Peninsula on the Gulf of Mexico one of North America's tallest wading birds paused in its feeding.
From time to time it raised its head and trumpeted a whooping, haunting call that could be heard for miles.
Further down the peninsula a pair of whooping cranes engaged in a stately dance, circling, bowing and leaping from side to side while white wings outspread.
These antics signal that the magnificent birds, now almost extinct, soon will start their 2,000-mile flight from their winter home at the Aransas Wildlife Refuge to Buffalo Park and another nesting season in Canada's Northwest Territories.
LEAVE IN APRIL
They will begin leaving in early April, in pairs and families. They probably will leave at night, but the urge to travel may strike in the daytime.
They fly so high nobody will see them unless they come down to some hidden bog for a day of rest and feeding on acorns and crayfish.
HIGHEST COUNT
The whooper population now is 39, the largest since annual counts were started in 1938. Three times since then it has been to 23.
The flock of 32 that spent the winter here included 23 adults and nine young hatched last summer near Great Slave Lake in the Northwest Territories—the biggest crop of whooper chicks in 21 years.
Another young bird stopped off for the winter at Mingo National Wildlife Refuge in Missouri.
Six cranes are in captivity—one at Brackenridge Park, San Antonio, Tex., and five at Audubon Park, New Orleans.

Veteran Parliamentarian Says Legislation Satisfies 'Greedy'

By BERNARD DUFRESNE
Canadian Press Staff Writer
OTTAWA (CP)—Veteran parliamentarian Jean-Francois Pouliot says that after 35 years in Parliament he has seen the first piece of legislation designed "to satisfy the greed of a bureaucrat."
The Liberal senator from Quebec referred to a bill that would empower crown corporations and agencies administering patents developed by civil servants to make use of the financial receipts from the inventions.
Speaking as the Senate gave final reading to the bill, Senator Pouliot referred specifically—though not by name—to the president of Canadian Patents and Development Limited, a crown agency which holds the crown's patent rights. The post is held by Dr. E. R. Birchard.
INFRINGE ON PARLIAMENT
The bill, Senator Pouliot said, represented "devious and circuitous ways to infringe on the power of Parliament."
Formerly, money coming from crown-held patents went to the federal treasury, and therefore was subject to parliamentary control.
"Most top civil servants are greedy for power," he said.
"They want to run the show in the back of the minister and of the Parliament of Canada."
He said the president of Canadian Patents told a Senate committee that the bill was designed to help inventors who are civil servants.
"I am not from Missouri, but I do not believe it," Senator Pouliot said.
The Senate and the Commons met for only two hours because of the state funeral held in the afternoon for External Affairs Minister Sidney Smith.

Postill Burial After Anglican Church Funeral

Funeral service was held at St. Michael and All Angels' Church Thursday for Mrs. Fanny Holton, late of 612 Morrison Avenue, who died at her home March 16. She was 78 years of age.
Mrs. Holton was born in England, and came to Canada with her husband in 1912, settling in Glenora, Man. They resided there until 1924.
The couple came to Winfield in 1924, where they lived until 1932, when they moved to Oyma. The Holtons came to Kelowna in 1932. Mrs. Holton is survived by her husband, Sidney.
Rev. Cyril Clarke conducted the rites at the church and the interment in Lakeview Memorial Park at Postill. Kelowna Funeral Directors were entrusted with arrangements.

Chinese Farm Worker Dies

A resident of Kelowna for over 40 years, Wan Sik Kwong died at Kelowna General Hospital. He was in his 83rd year.
Mr. Kwong came to Canada from his native China in 1909, coming to this area in 1919. He was employed as a farm worker. He is survived by his wife in China.
Funeral service will be held Monday at 2 p.m. Interment will follow in Kelowna cemetery, Chinese section. Kelowna Funeral Directors are in charge of all arrangements.

Mrs. E. Walz Laid To Rest At Rutland

Mrs. Elizabeth Walz of Rutland died in Kelowna General Hospital Tuesday. She was 82 years of age.
Born in Russia, Mrs. Walz had been in Canada for the past 50 years. She and her husband farmed on the Prairies before coming to B.C. 13 years ago.
Requiem mass was said Friday at St. Theresa's Church, Rutland, Rev. F. L. Flynn the celebrant. Interment followed in the Rutland Catholic cemetery.
She is survived by four sons, John of Unity, Sask., Nicholas of Vancouver, Peter of Red Deer, Joseph of Trail; four daughters, Rose (Mrs. J. Neigum) of Rutland, Clara (Mrs. G. Jannison) of Trail, Elizabeth (Mrs. W. Thompson) and Grace (Mrs. L. Bretzer), both of Unity. Also surviving are 27 grandchildren and 33 great-grandchildren. Her husband, John, predeceased her in January, 1958.
Kelowna Funeral Directors were entrusted with the arrangements.

Notice to All VETERANS

Mr. W. Campbell, Veteran's Welfare Officer will be in Kelowna, at the Canadian Legion
Monday, March 23
between the hours of 9:00 a.m. and 5:00 p.m.
Any veteran or widow wishing to see Mr. Campbell is asked to make an appointment immediately by contacting the Legion Secretary-Manager.
Phone Don McKay - 4117 or 2129
PLEASE MAKE YOUR APPOINTMENT EARLY

THE WEEK'S NEWS

By JOSEPH MacSWEEN
Canadian Press Staff Writer
Prime Minister Macmillan of Britain, reporting on his recent mission to Moscow, completed talks in Paris and Bonn and flew to Ottawa and Washington.
Macmillan called for an allied policy combining "firmness and reasonableness" in dealing with the Russians. He said he was persuaded that the Soviet rulers want to avoid a war. Premier Khrushchev had agreed to the principle of settling international differences by negotiation, not by force.
Prime Minister Diefenbaker described the Ottawa section of the Commons, saying that he and Macmillan reviewed the problems of Germany, Berlin and European security.
"I should emphasize that neither Mr. Macmillan nor I attempted to crystallize any British or Canadian position on specific questions under discussion," said Diefenbaker.
"However, I might add that it is my belief that the United Nations might play some most significant role in the solution of the Berlin problem and that this phase deserves further and more careful study."
MOSCOW'S VIEW
As Macmillan went on to Washington and meetings with President Eisenhower, Khrushchev spoke in Moscow on the Berlin issue, saying he accepted in advance a forthcoming Western proposal to convene a foreign ministers' conference May 11.
Khrushchev insisted, however, that the meeting be confined to discussion of a German peace treaty and the future of West Berlin, and that it be followed by a summit conference.
While thus showing some encouragement to Western hopes of agreement, Khrushchev also criticized Eisenhower and U.S. military leaders for what he said were threats to start a war over Berlin.
IKE'S SPEECH
Eisenhower made a television speech earlier, cautiously opening the door to a summertime summit meeting, providing the groundwork is laid first by the foreign ministers.
But he insisted the U.S. will fight rather than yield to Russia's demand that allied troops leave West Berlin so that it can become a "free city" within Communist territory.
SMITH DIES
Canada was saddened by the sudden death of Sidney Smith, the Cape Breton farm boy who rose to be president of University of Toronto before becoming external affairs minister in September, 1957.
The well-liked minister, who was 62, died while resting before going to the House of Commons for an afternoon session.
Word of his death was conveyed to the Commons by Prime Minister Diefenbaker, who was almost speechless and in tears almost from shock and grief. The loss from all the more impact since the minister and children without Smith had been preparing for a harm.

role in the Ottawa talks of Prime Minister Macmillan and Foreign Secretary Selwyn Lloyd.
LONG STRIKE
The woods dispute continued in Newfoundland, where the International Woodworkers of America (IWA) has been on strike against the Anglo-Newfoundland Development Company since December.
Repercussions were great. Commissioner Leonard Hansen Nicholson, 54, chief of the RCMP, quit his post in a disagreement with Justice Minister Davie Fulton over reinforcements for the force in Newfoundland.
In Grand Falls, Ronald Laing, 39-year-old logger, was charged with murder Thursday in the fatal beating of a constable—a member of the Newfoundland Constabulary—in a March 10 fight between pickets and police.
Since the policeman's death, two officers of the union, decertified by Premier Joseph Smallwood's government, have been damaged.
SECRET BOMBS
The United States announced that in September it secretly launched three rockets bearing nuclear warheads into space successfully.
The defence department said the bombs were exploded beyond the earth's atmosphere and formed an electronic sheet that circled most of the world.
The department also said the experiment brightened U.S. hopes for building a defence against intercontinental ballistic missiles.
A spokesman said the blasts—the first known nuclear explosions in space—had provided information useful in the development of an anti-missile missile.
MIDDLE EAST
The fight between President Nasser and Premier Khrushchev came out in the open with a bitter exchange of words in the struggle for control of Iraq.
The Soviet premier and the president of the United Arab Republic for the first time accused each other of fomenting trouble in the Middle East.
Khrushchev accused Nasser of stirring up trouble in Iraq in an attempt to overthrow the Communist-influenced regime of Premier Kassem. Nasser, also the target of criticism by Iraqi press and radio, hotly denied Khrushchev's charge and defended his ideas for Arab solidarity.
CRAZED GUNMAN
A deranged ex-convict ended 20 hours of terror Friday when he surrendered himself and a mother and three children he had kidnapped.
Richard Arlen Payne, a riot gun trained on his head, threw down his pistol and surrendered at Logan, W.Va., after a highway pursuit that started at Charleston, 70 miles to the north.
Payne, 23, had forced Mrs. Elma Baldwin, 29, and her children, Susan, 5, Danny, 7, and Kenneth, 10, to accompany him in a tense ride at gunpoint.
Threatening to torture the hostages, Payne hoped to pressure authorities into freeing a friend from shock and grief. The loss from jail. But he finally released had all the more impact since the mother and children without Smith had been preparing for a harm.

Age-Old Problem Besets New Zealand Dam Planners

Canadara Press Correspondent
ROTORUA, N.Z. (CP)—What happens when unquenchable fires are deluged with unending quantities of water?
That is more than an academic question in New Zealand. An area of violent thermal activity, fed by age-old sources of heat deep in the earth, will soon be drowned 65 feet beneath the face of a new man-made lake.
Speculation is rife as to what the effect will be.
Work will start soon on the Ohukuri Dam, one of a chain of hydro-electric stations on the Walkato River, largest in New Zealand's North Island. The dam will transform the river into a lake for more than 20 miles upstream.
From time immemorial this has been an area of geysers, boiling springs, and brilliantly-colored terraces formed by silica deposited from springs heavily impregnated with varied minerals.
One hundred years ago an Australian scientist recorded no fewer than 76 boiling springs within a mile in this locality.
To show that activity is not decreasing, a huge geyser that erupts only occasionally came to life just recently with a thunderous roar. Rocks and rubbish were hurled to a great height and landed over a wide area.
But this tourist attraction must give way to the demand for electricity. Protests at the destruction of a tourist asset have brought the reply that the dam is essential. There are other thermal areas in the region that have many of the same features, and the authorities maintain that this one must be sacrificed.
The new hydro-electric station and dam will probably not be ready for operation until 1961. Meanwhile, the resort is enjoying a boom from people who want to see it before it disappears beneath the lake surface.
But elderly members of New Zealand's Maori race who live in the vicinity are not convinced that Orakei Korako, as they call it, will yield tamely to inundation.
"You can't put out the fires," they say, "and one day the geyser will burst out somewhere increasing, a huge geyser that erupts only occasionally came to life just recently with a thunderous roar. Rocks and rubbish were hurled to a great height and landed over a wide area."

ADVERTISER AT WORK!

Advertising can turn the coldest customer into a hot prospect. Throughout the pages of this newspaper you can find many examples of the warm appeal generated by advertising.
But you can't warm up to anything if you're not aware of it. Advertising works overtime to keep you posted on new products and remind you of established brands. It is part of the variety of news in your newspaper.
Advertising is a valuable asset to our economy because it provides the stimulant that makes people buy. As more goods are bought, more and more goods are made—and at lower cost to you. So, you see, advertising really benefits you!
Every day, all across this land of ours, advertising—like the advertising in this newspaper—is doing its part to bring you the good news of more and better products—products that are constantly improving our standard of living.

Legislature Prorogues Midst Major Turmoil

By H. L. JONES
Canadian Press Staff Writer

VICTORIA (CP) — Labor east

the main shadow over the third session of British Columbia's 25th legislature—both inside and outside the House. The session was prorogued Friday after 42 days of sittings.

Inside, the Social Credit majority repelled a barrage of bitter CCF opposition criticism as it passed a new labor bill curtailing union picketing privileges and making unions and management organizations legal entities subject to suit.

Critics said the legislation will set labor back 100 years. Outside the House cabinet ministers coming to their offices Friday.

SEE KELOWNA

(Continued from Page 1)

expected to pocket \$50,000. In a Quebec Army, Navy and Air Force Veterans Association sweepstakes based on the race, first prize of \$28,000 was won by E. Cryer of Fort William, Ont.

Second prize of \$16,800 was won by Thelma H. Clark of 484 Main St., Winnipeg.

Third prize of \$12,000 was won by G. Smith, North Gower, Ont. Two pools of \$16,800 each were to be split among persons whose tickets were pulled on horses which were scratched or failed to place. A third pool of \$16,800 was to be divided into consolation prizes.

A total of 327 Canadians had chances on the race which saw 34 horses start. Only four finished.

Persons with tickets on horses that failed to start or to place in the running will receive \$1-150 each. There are also 1,680 prizes of \$280 each and 3,600 consolation prizes of \$50.

Persons with tickets on horses that failed to start or to place in the running will receive \$1-150 each. There are also 1,680 prizes of \$280 each and 3,600 consolation prizes of \$50.

THE WORLD'S STAGE

The gentle touch of a doctor turns to a fist of steel, Sunday at 9:00 on The World's Stage. In a striking true drama about the American-Mexican war, a young Army surgeon proves to use a scalpel and a six-gun with equal facility. See "Cavalry Surgeon."

FATHER KNOWS BEST

On Father Knows Best, Sunday at 6:30, Dad listens with sympathy to a kind but lonely gardener boasting about his famous relatives. When the gardener's relatives turn out to be more the common garden variety, the Andersons react with kindness.

DOUGLAS FAIRBANKS

A happy marriage nearly goes on the rocks, Thursday at 3:30, on Douglas Fairbanks Presents. An American couple go to London on a business trip. The trouble starts when the husband suspects "monk" business as his wife is paying too much attention to a handsome real estate sales-

LEAVE IT TO BEAVER

On Leave It To Beaver, Tuesday at 7:30, the Beaver is accused of losing a boy's watch, left with him for safe-keeping during a ball game. Terrified at what will happen if he doesn't produce the watch, Beaver goes to great lengths to get out of his predicament.

What is gathered around the world for you each day?

ANSWER: NEWS. The daily newspaper is the focal point for news reports from all around the world and just around the corner. It's an exciting business gathering the news and then printing it and sending it out in the daily newspaper to just about everyone in any community. And it is all accomplished in a matter of only a few hours. It's the excitement and immediacy of the daily newspaper that makes it eagerly read every day — and makes it one of the big reasons why advertisers use it.

The bidding:
South West North East
2♣ Pass 4♠ Pass

Opening lead—two of clubs. Despite the uncertainties which the defenders face during the play, it is nearly always possible for them to reason out the best defensive tactics.

North-South were playing weak two-bids, which accounts for South's opening of two spades. North stretched a point to raise to four with a singleton trump, but he was relying on a good six-card suit for the vulnerable two bid.

East won the club lead with the king and cashed the ace, catching declarer's queen. The fate of the contract now rested with east who had to make the seemingly dangerous return of a diamond to defeat the hand. He had no way of knowing whether partner or declarer had the queen.

East did return a diamond and west's queen forced the ace. Declarer now could not longer make the contract. He finessed the jack of spades, losing to the queen, and a diamond back put South down one.

Let's examine East's diamond play to see whether it was luck or logic that defeated the contract. The "safe" return of the jack of clubs, to force declarer to use a trump, would have given South the contract.

If East, reasonably enough, assumes South started with six spades and two clubs, declarer must then have five cards in the red suits.

U.S. Defence Chiefs Face Cross-Quiz

WASHINGTON (AP)—Defense chiefs are being questioned as to what kind of war the United States would fight if the Berlin crisis exploded.

Democratic Representative Wayne L. Hays of Ohio said he considers such questions pertinent to what kind of military foreign aid should be approved. Defense Secretary Neil McElroy and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, were called as witnesses before the House of Representatives foreign affairs committee, which is considering President Eisenhower's \$3,930,000,000 foreign aid program.

Hays, a committee member, said he wanted to question the military officials "to clarify President Eisenhower's apparent statement that we would not use ground troops in Europe."

Hays said this statement, coupled with earlier administration statements that the United States would not fire the first nuclear missile, "might be taken as a blank cheque."

YOUR HOROSCOPE

By ESTRELLITA

FOR TOMORROW

This day's stellar influences favor those in creative work or in any line where imagination or originality are required. Also sponsored are outdoor pursuits and group activities of all sorts.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that your progress in both job and financial matters will depend on your adhering to a realistic program.

Chief Spends \$27—Curbs Road Hazard

WINNIPEG (CP)—Police Chief

Arthur Gebauer helped the sub-

urban village of Brooklands to go

10 days without an accident by spending \$27 of his own money. The chief took action after the town had 13 accidents in one 30-day period. Two children were injured, two sent to hospital and property damage totalled \$2,000. "Brooklands is too small a place for statistics like that," said the chief.

He wrote and published his own safety pamphlet, collecting wasn't an accident for the next 10 days.

KELOWNA DAILY COURIER, SAT., MARCH 21, 1959 PAGE 9

from advertisers but paying \$27 himself. Then Chief Gebauer and sergeant Paul Chyzy delivered the pamphlets in person. Some went to classrooms and stores and others were handed out from door to door. Every house in the village had a copy within three days of publication and there on Aug. 28, 1959, at Titusville, Pa.

Part of the booklet is aimed at children and their parents, with tips on street safety, use of bicycles, and playground safety. There are also sections giving such advice as how children should get along with their friends to avoid trouble.

First oil was obtained from a well drilled in the United States on Aug. 28, 1859, at Titusville, Pa.

Baker Gets Tough Rap For Murder

TOURS, France (Reuters)—A 35-year-old baker was sentenced to forced labor for life for strangling his wife and cremating her body in his bread oven. Pierre Dupont confessed to police that he killed his 25-year-old wife, Yolande, after a quarrel over his affair with their young maid. He then burned her body in the oven before starting the morning's batch of bread.

The north shore of Lake Ontario had been fully explored by 1668, with mission stations as far west as Hamilton.

THESE GALS ARE SHARP-SHOOTERS

The British Columbia women's senior "B" basketball tourney continues this afternoon and evening following the

opening contests last night. Sharp-shooting Kelowna Meikle Teddy Bears are shown peppering the basket as they out-

ed Trail Silverettes 48-27 last night. Kelowna meets Vancouver C-Funs tonight. Shooting the ball is Almira Cook, while

Margaret Fielder is standing ready for the rebound. (Courier staff photo—prints available.)

Oxo Wins Classic; Mr. What Is Third

AINTREE, England (Reuters)—Oxo today won the Grand National steeplechase, the world's toughest test for horse and rider. (See Page 1 for sweepstake winners.)

Oxo galloped home after clearing the 30 jumps on the four-mile 856-yard course in the 115th running of the race, the first staged in 1839 and run every year since with the exception of five years during the war.

The winner's time was 9:37.2, well outside the record of 9:20.4 set by Golden Miller in 1934.

Second was Wynburgh. Third was Mr. What. Thirty-four ran. Tiberetta was the only other horse to finish.

Oxo went to the post at 8 to 1. Wynburgh at 10 to 1. The favorite was Mr. What at 6 to 1.

Pippykin and Armorial were withdrawn shortly before the start of the gruelling race on which the first Irish Hospital sweepstakes of the year is based.

Oxo is owned by J. E. Biggs of England and was ridden by Mike Scudamore, an Irish jockey. The horse is an eight-year-old.

SURPRISE PACKET FELL
Oxo led the field after Surprise Packet fell at the second circuit. He held off a strong challenge from Wynburgh and Mr. What to flash past the post and win record money of £14,496. He is a bay gelding by Bobsleigh out of Patum.

Oxo won by 1½ lengths. Mr. What was eight lengths behind the second-place Wynburgh.

The race was run under bright sun and with the going firm and fast.

The pace and the hard ground brought down 30 entries. But this was far from a record for the National, which is notorious as the most difficult of all races even to complete.

SLIM CROWD
The crowd was slim by normal standards, and the Royal Family was absent. Trains from Liverpool to Aintree were only half full and the crowd was estimated at about 125,000 instead of the thousands of 300,000 in some years. An increase in the price of tickets was blamed.

The winner carried 153 pounds. Surprise Packet and Turmoil jumped into an early lead as the 34 horses set out.

The Crofter, Glorious Twelfth, Cannobee Lee, Eternal and John Jacques were close behind. Mr. What was last away from the start.

At the second fence Surprise Packet still led with The Crofter, links career.

Turmoil, Eternal and Glorious Twelfth hot on his heels.

ETERNAL FALLS
At the sixth obstacle—the tough Beecher's Brook fence and water jump—Eternal went down. Surprise Packet stayed out in front.

The Crofter, Tiberetta, Kirsten, Oxo and John Jacques and Wynburgh were next in line.

Tiberetta moved into second place behind Surprise Packet at the 10th followed by Oxo, Kirsten, Wynburgh and John Jacques.

At the 13th fence, where second-favorite Slippery Serpent went down, Surprise Packet still led from Tiberetta, with Kirsten, Oxo and John Jacques challenging.

At the open ditch—the 15th—Tiberetta lost ground when he made a bad mistake. At the next jump Tiberetta was third behind Surprise Packet and Kirsten.

Oxo and John Jacques were still up there.

Oxo jumped ahead and took the 20th and final obstacle in the lead.

Wynburgh challenged strongly on the flat run in but Oxo held out gamely and won by 1½ lengths.

Eight lengths separated the second and third and Tiberetta was fourth 20 lengths behind Mr. What, last year's winner in the annual classic.

REMEMBER WHEN . . .
Harry Vardon, one of the greatest golfers in history, died in England 22 years ago today at age 66. The self-taught golf stylist won six British Open titles between 1896 and 1914, among 62 first-class golf trophies during his links career.

Haney Boxer Fights Way Into Semis

VANCOUVER (CP)—Jack Straza of Haney blasted his way in to the semi-final round of the 139 pound division of the British Columbia golden gloves boxing championships here Friday night with two quick knock outs.

Straza scored the only knock out in the opening round of the championship at 1:41 of the first round against Billy Tsuchiya of Vancouver.

In a quarter-final match against Bill Lipesey of Sidney, Straza registered one of seven TKOs 36 seconds into the second round.

Joe Czaja of Vancouver successfully launched defence of his provincial heavyweight title with two decisions. More than 2,000 fans saw the 21 opening night fights.

Finals will be held today.

Little League Planning Work Party Sunday

Father and son work party will be held at the Little League baseball diamond Sunday morning at 8:30.

Men are requested to bring rakes, shovels, wheelbarrows and sod lifters.

It is hoped to have the diamond in shape ready to play ball within the next few weeks.

Teddies, C-Funs Sample Victory

An upset and a push-over victory by Vancouver's C-Funs marked the first day of the over the highly touted Victoria women's senior "B" basketball tourney.

The "push-over", while it was a thrilling game of weight and skill over determination, was provided by the defending champion Kelowna Teddy Bears, who knocked off the Trail Silverettes, 48-27.

The upset was a bumptious performance by Vancouver's C-Funs, who defeated the Victoria Bees, 44-39, in the second match of the first round, played in the Orchard City high school gym.

OPENED BY MAYOR
Festivities were opened by Mayor R. F. Parkinson, Kelowna's chief magistrate, and a former basketball player of some note himself. BCABA president, Luke Moyle of Vancouver, and the province's chief referee, Len

"Gummy" Leach, were among the officials and rooters watching the opening night of play.

The Teddies, undefeated in two years of senior "B" play, came out strongly, using their height and weight advantage, and playing the backboards at both ends of the floor to advantage, but the Silverettes took advantage of any lapses in defence to trail by a mere six points at the half way mark.

Kelowna's coach, Bob Hall, spoke sharply to his charges at the half-way mark, and they practically held the Silver City Bees off the scoreboard in the second half, as they rolled to their 21-point victory.

For Kelowna, it was Sheila Bannison with 12 points, leading the preliminary match, while Valerie Bernada of Trail answered with eight.

WILTED ZONE
In the second game of the evening, however, the C-Funs made the Bees draw up their zone defence and fold, as they followed the powerful, 15-point, first-half offensive bomb-shell of Wilma Oederma, to lead 27-18 at the half-way mark.

In the third quarter, Victoria decided their zone defence was no longer potent, but that was too late, and they were low man on the 44-39 totem pole when the match ended. Oederma, the C-Fun powerhouse, ran up a total

of 18 in the game, and Shirley De Grand accounted for 13, most of them in the second half.

Verona Groome was the top scorer for Victoria, sinking 10 points in the late-game surge by her club.

Last year, the Victoria club gave the champion Teddy Bears the most trouble, driving them right to the final game to come out on top, but this year the C-Funs paved the way for the dramatic match tomorrow, between themselves and the Teddies.

Trail and Victoria will lock horns in the first match of the afternoon, with Kelowna and Vancouver playing what amounts to an elimination match at 3:30. Semi-finals will take place at 7:30, with the finalists locking horns at 9:00 p.m.

Sports

GEORGE INGLIS — SPORTS EDITOR
PAGE 10 KELOWNA DAILY COURIER, SAT., MARCH 21, 1959

Figure Skaters Plan Monday Night 'Blitz'

Kelowna figure skaters are planning a "blitz" for Monday night.

Starting at 6:30 from the Memorial Arena, members of the skating club will be staging a door-to-door ticket selling campaign for their annual carnival which takes place on Saturday and Sunday, April 4-5.

Directed by Mrs. Monica Jablonski, the former Ice Capades performer, the show will be a fast-paced, colorful affair, with 14 senior skaters and a host of youngsters taking part.

Tony Griffin, former Kelowna skater and now a professional, will skate a solo number in the show and is expected to do a duet with Dolores Casier, Penitence professional.

UNDERWATER SPECTACLE
Two of the children's numbers, an "underwater" spectacle and a western number, will employ the black lights so popular with the water ballets at the annual Regatta. Another of the numbers will feature French and Japanese dolls.

In a ballet number, "Honey Heaven", the girls will be costumed as bees, and the present plans call for dry ice to create a fog over the ice during the number, presenting a very spectacular effect.

A Scottish-precision number will feature the 14 older girls in some very "tight" routines, and a "Candyland" number will have kiddies appearing as lollipops and peppermint sticks.

"We have a wonderful show lined up this year," said a club official, today. "And feel that our director has done a tremendous job with the children in her first year here."

Officials hope to boost attendance at this year's show, by means of the ticket blitz.

So, leave your porch lights on Monday night.

WINS INDOOR RACE
CLEVELAND (AP)—Ron Delaney won his 33rd straight indoor mile race, but had a close call Friday night when Hungary's Istvan Rozsavolgyi pounded up to the finish line only a step or so behind.

The time of 4:06.6 disappointed fans at the Knights of Columbus track meet who had turned out in hopes of seeing Delaney's world indoor record of 4:01.4 lowered.

MEANWHILE, NEW YORK YANKEES
and Milwaukee Braves engaged in a rare exhibition doubleheader. The Yankees beat the Braves 6-3 and 5-4 in a day-night affair at Miami, Fla.

DODGERS TAKE SQUEAKER
In other games, Los Angeles Dodgers edged Cincinnati Reds 3-2, Cleveland Indians nipped Boston Red Sox 5-4, Washington Senators shaded Kansas City Athletics 3-2, Detroit Tigers beat Pittsburgh Pirates 5-3 and Chicago Cubs subdued San Francisco Giants 3-1.

HOME TEAMS ARE POOR HOSTS
In Western Hockey League action Friday night as they turned on the power and easily defeated their visitors.

Winnipeg Warriors turned back Saskatoon Quakers 5-1, Edmonton Flyers mauled Calgary Stampede 8-4 and Vancouver Canucks came out with their best scoring display of the season to crush Spokane Flyers 9-4.

The Winnipeg-Saskatoon contest was the feature match of the night. Warriors had to win to keep alive their playoff hopes and they did it in convincing fashion paced by captain Billy Mosienko who got two goals, including the winner. Others were scored by Bob Chrystal, Gerry Brisson and Dick Lamoureux. Merv Kuryluk got Saskatoon's goal.

The result lifted Warriors into a tie for third and last playoff spot in the Prairie Division. They play again tonight at Saskatoon in the final regular league game and should there be a tie after 10 minutes of overtime, a sudden-death game will be played Tuesday at Winnipeg.

FAVORITE TEAM
Edmonton Flyers treated 5,000 fans by beating Stampede for the third straight time. Flyers were paced by Billy McNeill's two goals and two assists. Roger Delorjé also had two goals and Ray Kinasevich, Jack Hendrickson, Jerry Melnyk and Bud MacBob Chrystal, Gerry Brisson and Pherson one each.

RUMOUR vs. FACTS
The Truth About Funeral Prices.

To achieve leadership in any profession is to invite misunderstanding. Hence Day's Funeral Service, because of its unequalled facilities and an unwillingness to let even the simplest funeral pass without full benefit of these facilities, must bear constant rumors of high price. The facts—proving conclusively and unmistakably that nowhere is it possible to obtain a fitting service for less than this institution makes possible.

You will have a greater appreciation of this statement by accepting our invitation to visit our Funeral Home at any time.
